Questions & Answers Call for Proposals SFS

Submitted questions and answers by FPU as per 16 November 2021

Q: "Can we schedule in a session to provide a demo of our secure file system?"

A: "A live demo in a conference call *prior* to the application deadline is not possible. Interested partners can add a visualisation of their secure file system when submitting their proposed solution. (link to video / graphics)."

Update as per 23 November 2021:

Q: "What is the bid range you expect?"

A: "It is a competitive bid, whereby the (technical) solution offered will be outweighed against the (price) of the services (tooling, tech support).
When looking at the timeframe for deployment, one can deduct that there is not a major budget is available for the development of tooling, only customisation (and only when needed).
Max. budget is EUR 70,000 incl. VAT."
